

SPELLING GAME "THE LITTLE BAC"

HOW TO PLAY

- This game is an adaptation of a French game called " le petit bac".
- Choose one page according to the sounds you want to review, print a sheet for each child.
- One person rolls the dice and sees what sound we will need to find words for (depending on what pages it can be sounds by which the words start or instead words that contain the sounds.
- Without looking at the others , the players have 2 or 3 minutes to try to fill up one line.
- When the time is over you count 2 points for each word that no other player has and 1 point if other players also wrote it.
